1. Coal is being mined at Tatabanya in four shifts. The first shift is from 5 a.m. to 1 p.m., the second from 11 a.m. to 6 p.m., the third from 5 p.m. to 1 a.m., and the fourth from 11 p.m. to 7 a.m. In this way no time is lost between shifts.
2. In February 1951 it was ordered that all diplomats, even if only traveling through Hungary, must have travel permits. The Ministry for Foreign Affairs sent a circular to the DDR Mission in Budapest saying that they could go no more than 30 km. from Budapest without a permit. The only exception is airplane flights which make no stops en route.
